

İbrahim Edhem ASLAN

Senior Developer

Software developer with 10+ years of experience. Lately I also build AI-assisted development workflows: agent teams, tooling and web services around them.

SKILLS

Swift / SwiftUI
macOS applications, Swift packages, CLI tools

TypeScript / JavaScript
Node.js services, three.js, browser front-ends

Java / Spring Boot
Server-side web applications and batch jobs

Cloudflare Workers / D1
Edge services, static sites, small APIs

AI agent systems
Claude Code, Codex, local LLMs; agent roles, tooling and workflows
